

From company Elbi board of directors.

Company Elbi is the largest fruits and vegetables reseller in Latvia.

We are working with VEF bank during last 10 years. Our average turnover via account with the bank is over 24 million of USD per year.

The bank works on-the-fly, neatly and always support its customers in points at issue.

All money transfer orders have been executed in due time and without a delay.

Work of the bank's loan department, cards department and front desk are well organized.

We consider cooperation with the bank as positive.

Sanctions applied by USA regarding operations with the bank will have negative impact on our relations with our business partners.
